

How Do I Submit a Public Abstract

Submit a Public Abstract

1 Introduction

A public abstract is often a required part of Department of Energy Office of Science (DOE OSC) proposal submissions. Public abstracts are intended to summarize the activities involved in the project, and should be sufficient to permit potential reviewers to identify conflicts of interest. A public abstract should also be suitable for distribution to the public.

The purpose of this document is to provide step-by-step instructions for users to follow to complete and submit a public abstract.

2 Prerequisites

Before a public abstract can be submitted, the following criteria must be met:

- The user must be registered in PAMS as a Principal Investigator (PI).
- The user must have a Submit Public Abstract Task.

3 Submitting a Public Abstract

Use the following steps to submit a public abstract.

1. PAMS will send an email notification to the PI on the proposal indicating that the Submit Public Abstract task has been created (*Figure 1*). Follow the **Submit Public Abstract** link in the email. **OR** Log in to the PAMS external website at: <https://pamspublic.science.energy.gov/webpamsepsexternal/login.aspx>.

4. PAMS will load the Edit Public Abstract page. Enter your public abstract in the textbox in the Public Abstract section (Figure 4).

5. Once you have completed the public abstract, click the **Submit** link in the bottom right corner of the page (Figure 4).

The screenshot shows the 'Edit Public Abstract' page. The sidebar on the left contains 'ALL FUNCTIONS' with a list of tasks including 'Submit Public Abstract'. The main area has a header 'Edit Public Abstract' and a sub-header 'Please enter the Public Abstract in the textbox below. If you submitted an abstract with your proposal through Grants.gov and want to refer to it as you write this Public (- View Max)'. Below this is a form with fields for 'Tracking Number', 'Submission Deadline', and 'Institution'. A large text area for the abstract is provided with a character count. At the bottom, there are 'Cancel', 'Save', and 'Submit' buttons.

Figure 4. Edit Public Abstract

- You can view instructions for completing an abstract by clicking the **Instructions** link to the left in the Public Abstract header.
- You can view a previously submitted abstract by clicking the **View Proposal Abstract** link to the right in the Public Abstract header.
- You can save your work without leaving the page at any time by clicking the **Save** button in the bottom right corner of the page, or leave the page without saving your progress by clicking the **Cancel** button in the bottom left corner.

6. PAMS will load a Success message confirming that the Public Abstract has been submitted successfully (Figure 5).

The screenshot shows the 'Submit Public Abstract - List' page. It features a success message: 'Success: Public Abstract submitted successfully.' Below this is a table with columns: 'Due In', 'Submission Deadline', 'Proposal ID', 'Title', 'Institution', 'Status', and 'Options'. The table is currently empty, with a message 'No Tasks found.' at the bottom. The sidebar on the left shows the 'Submit Public Abstract' option selected under the 'Proposals' section.
